WEDNESDAY EVENING, APRIL 8, 1896.

LOCAL MATTERS.

WEATHER PROBABILITIES.—For this season fair to-night and until Thursday afternoon, followed by showers Tuesday night or Friday; warmer; easterly winds.

ALLEGED VIOLATION OF THE SUNDAY LAW.—Morris Levin was before the Mayor last night, charged with selling liquor on Sunday. Levin had his State license revoked by Judge Norton several months ago for allowing his saloon in the Bradlock House building to be opened on Sunday. Subsequently a club was organized and liquor has been dispensed on that day as usual. The organization is known as the Potomac Association. From the evidence last night it seems that the liquors are paid for in checks which are generally purchased on Saturday, but in some instances on Sunday, and that, too, by persons who are not members of the club; that the liquors are distributed out of the saloon, and that the places kept open every Sunday. The defense urged that the saloon was kept open for the accommodation of the members of the club; that Mr. Levin was a member of the organization and that he merely acted as bartender; that the members paid twenty-five cents each as an initiation fee and were given a key to the saloon—in short, that it was a mutual affair. In controversy of all this it was shown that Levin owned the saloon, that the members of the club participated in none of the profits and paid the same price for the drinks as outsiders. The Mayor said he would make an issue with the accused and that he construed the entire procedure into a violation of the Sunday law. Levin was fined \$12.

THE WOMAN'S AUXILIARY ASSOCIATION of the E. Lee Camp held a monthly meeting yesterday afternoon. The meeting was well attended and the newly elected president, Mrs. E. H. O'Brien, greeted the members with an opening address, delivered in her usual impressive style. The routine business of the meeting was conducted in the regular order. Resolutions were adopted tendering the thanks of the auxiliary to the ex-president, Mrs. Herndon, for the faithful and efficient discharge of duty during her administration. Desirability of increasing the membership and plans for enhancing the usefulness of the visiting committee were discussed. Mrs. G. Wm. Ramsay invited the assistance of the auxiliary in the work of collecting Confederate relics—southern memorials for the Confederate museum recently opened in Richmond. It is hoped that a large number of valuable relics will be collected and deposited in this fire-proof museum, where they will be carefully preserved. The auxiliary then adjourned to the first Tuesday in April.

RAILROAD ACCIDENT.—A terrible wreck occurred at Galveston, thirty miles north of Danville, on the Southern Railway, at 4 o'clock yesterday morning. A south bound freight was pulling into a siding when the north bound Florida special crashed into the freight train knocking from the track fourteen cars loaded with cotton mill machinery, which was badly smashed up. The engine of the passenger train was badly damaged. The loss to the company is estimated at \$100,000. The engineer, fireman and trainman of the passenger train were slightly hurt. No passengers were injured. It is said several tramps stealing a ride on the freight train applied brakes which prevented the train from getting on the siding in time to avoid the accident. Mr. John Magner, fireman of the Atlanta special, arrived at his home on Prince street, last night. Mr. Magner, while not seriously injured, was dangerously scalded about the face and body and was badly bruised. Mr. Jerry Curry was also slightly hurt in the collision.

MEETING OF PROFESSORS OF EPISCOPAL SEMINARIES.—The annual meeting of the professors of the Episcopal seminaries in the United States will be held at the Theological Seminary, near this city, on Thursday and Friday of this week. Among those expected to be present are the Rev. Dr. Hoffman, dean of the General Seminary, New York; Rev. Drs. Ritchie and Body, of the same seminary; W. Allan Johnson, of Berkeley Divinity School, Connecticut; E. P. Gould and Batten, of the Divinity School, Philadelphia; and the Rev. Messrs. Lawrence and C. E. Smith, of the Divinity School of Maryland. About fourteen in all are expected. The object of this conference of professors is the improvement of methods of instruction in the seminaries and consultation about other matters of interest relative to seminary work.

POLICE COURT.—The following cases were disposed of by Mayor Thompson last night:

Morris Levin, arrested by Officer Ferguson for selling liquor on Sunday, was fined \$12.

William Butler and Sandy Tolson, colored boys, charged with disorderly conduct, were dismissed with a reprimand.

John Stanton, colored, charged with abusive language toward Mrs. Sallie Beauregard, was dismissed, the charge not having been sustained.

There were no cases for trial this morning.

Night Report.—Last night was clear and cool. Twenty lodgers were at the station house.

CONCERT.—The concert at the Theological Seminary on Monday night for the benefit of St. John's Mission, West End, was a great success. Fraulien Hermine Lunders, the accomplished pianist from Baltimore, whose talent is so much appreciated on the Hill, was at her best, rendering excellent selections from Guiz, Chopin and her celebrated teacher, Liszt. Mr. Moses, also from Baltimore, appeared for the first time on the Hill as a violinist, and his beautiful execution called forth much admiration, while Mr. Berkeley Grifith's singing was highly enjoyed by his many friends. A large audience was present, composed of the residents of the Hill with several visitors from Alexandria.

EXCURSION PARTY.—Several hundred excursionists from Boston, Lowell and neighboring places visited this city yesterday evening, had inspected the places of interest here. The party had been to Mount Vernon and on their return the boat had stopped here and allowed the excursionists an hour in Alexandria. They were much interested in Christ Church, the Marshall and Bradlock Houses and other places.

RECEPTION.—The Epworth League of Trinity M. E. Church, assisted by the members and friends of the church, tendered Rev. L. J. McDougle a reception in the lecture room last night. The room was very prettily decorated, and after singing by the choir, Mr. Stokely introduced the heads of the different departments. Mr. I. C. O'Neal spoke for the church, Mr. O. F. Baggett for the Sunday School, Mrs. Weech for the missionary society, Mrs. Ludwig for the mite society, Mrs. Lyles for the sewing society, and Mr. Stokely for the Epworth League. Rev. T. H. Rice, in behalf of the ministers' association, spoke very feelingly in regard to the many changes which have taken place in all the churches (with one exception) since his residence here, and in very beautiful and caste language cordially welcomed Mr. McDougle to the hearty co-operation and support of the ministers of the city. During the evening solos were sung and the choir rendered some fine selections. After hearty handshakings all departed much pleased with the fraternal and brotherly feeling manifested.

THE RACE TRACK CASE.—The Lacey habeas corpus case involving the Muppin anti-gambling track bill is set for a hearing in the Court of Appeals in Richmond to-morrow, and will be heard if the Attorney-General be in that city. An agreement had been reached between the counsel for Lacey and those for the Commonwealth to postpone the case till next week, but the Court of Appeals yesterday when notified of the agreement declined to enter into it. Messrs. Burke, Smith, Brent and Moore, representing Lacey, will leave here for Richmond either to-night or to-morrow morning to be present when the case is called. Commonwealth's Attorney Marbury will probably not be able to go as he is confined to his home with an abscess on his eye. He has forwarded to Attorney General Scott all the papers, &c., in the case.

A dispatch from Richmond this evening says the case is postponed until the 14th.

PERSONAL.—Mrs. F. F. Miller, of Fredericksburg, who has been visiting Mr. J. B. Cralle, of Washington, and her sister, Mrs. B. M. Booth, of Alexandria, has left for Heathsville.

Mr. John M. Leicht, Vice President of the Robert Porter Brewing Company, of this city, will resign that position and leave here about the first of June for Cleveland, Ohio, where he will be associated as a copartner with Mr. C. A. Strangmann in conducting a brewery in that city.

Mrs. Mary Rogers and daughter, of Baltimore, are visiting Mrs. Wm. N. Berkley, 508 Prince street.

AMPUTATION.—Dr. O'Brien, Jones and Miller to-day performed a thigh operation upon Chauncey Bright, the colored man who was injured by jumping from a Southern Railway train as it was nearing this city on Monday night. The operation was performed at the Infirmary.

THE CONCERT to-night at St. Paul's lecture room for the benefit of the Ministering Children's League promises to be a very successful affair. The programme is an excellent one, displaying great taste and judgment in the selection of the numbers.

Golden Light Lodge of Good Templars held an interesting meeting last night. This lodge is now making preparations for receiving the Grand Chief Templar who will visit them next Tuesday night.

The rumor in circulation last night to the effect that Theodore Rouse, a pensioner, had been seriously wounded by Mary Springsteel, who was alleged to have used a beer bottle on his head, was without foundation.

Mr. Charles Kersey, of this city, engineer on the steamer Harry Randall, slipped off a ladder, while oiling the machinery Sunday last, and broke his arm. The steamer was down the river at the time of the accident.

John Riley, the south Washington hermit, is dead. Wasted to a mere skeleton, the old man passed away yesterday in the almshouse hospital, in that city, where he had hovered between life and death for more than two weeks.

Edward, the little son of Mrs. John Croson, fell from the platform of the windmill of Mr. Robert Ballenger, in West End, yesterday afternoon, and was quite badly injured. The injured boy was carried to his home, where he was attended by Dr. Klipstein. He struck his head against a rock in his fall.

On Friday night at the Opera House Representative Linton, of Michigan, is announced to address a mass meeting. The object of the meeting is said to be in relation to an organization called the "X" organization. Representative Linton will, it is expected, be accompanied by several congressmen, besides other speakers from Washington.

The Carnation Club, composed of a number of young ladies, gave a dance in McBurney's Hall last night. The ball room was handsomely decorated for the occasion and the costumes of the young ladies presented a very pretty sight. Dancing was continued until 2 o'clock. After the dance a supper was served at the Concordia which was greatly enjoyed by the participants.

About fifteen dogs were poisoned by unknown parties in the Fourth ward yesterday, among the number being some valuable hunting dogs. Some one seems to be bent on exterminating the canine species in Alexandria. A number of dogs were poisoned on Franklin street. A dog belonging to Mr. John A. Marshall was killed by an electric car on King street last night.

A wagon belonging to Mr. Frederick Parker was struck by a south bound Southern Railway train at the intersection of Cameron and Henry street about five o'clock yesterday evening. Some spokes in one of the hind wheels were broken. The engineer had almost stopped the train when the collision occurred. The horse attached to the wagon had been left standing in the street, and when the train approached it backed on the track.

At the meeting of the Hydraulion Fire Company last night, one name was added to the roll of membership. Resolutions of thanks were tendered Rev. Mr. Benson, who recently delivered a sermon to the firemen of Alexandria. One application for membership was received. An invitation from the Maryland State Firemen's Association was received and a committee appointed with instructions to report at a meeting to be held on the 14th inst.

CORBETT ARRESTED FOR BOXING.

James J. Corbett and his sparring partner, Mike Connelly, were arrested in St. Louis yesterday afternoon at Havlin's Theatre, and taken to the Four Courts, charged with holding a boxing contest contrary to law. Before the curtain went up for the second act, Capt. O'Malley called on the champion and informed him that there must be no boxing. Jim said he did not want to interfere with the laws, but that boxing was in the show. It was decided to spar anyway, and Capt. O'Malley was spirited away from the stage. Alderman Jim Cronin took him aside, and while he was talking, there was a skillful exhibition of boxing on the stage. After the show they were arrested, but released in bonds of \$200 each to appear in Judge Murphy's court to-day. Alderman Cronin was surety. The proceedings were brought to make a test case of the boxing ordinance.
